1. The ECG app is available with the latest versions of iOS and watchOS on Apple Watch Series 4 or later. See apple.com/ca/watch for compatibility details. The ECG app is not intended for use by people under 22 years old.
2. Apple Watch Series 5 and Apple Watch Series 3 have a water-resistance rating of 50 metres under ISO standard 22810:2010. This means that they may be used for shallow-water activities like swimming in a pool or ocean. However, they should not be used for scuba diving, waterskiing or other activities involving high-velocity water or submersion below shallow depth.
3. The international emergency calling feature requires an Apple Watch Series 5 (GPS + Cellular) model. For a list of supported countries and regions see apple.com/ca/watchos/feature-availability.
4. Wireless service plan required for cellular service. Apple Watch and iPhone service provider must be the same. Not all service providers support enterprise accounts; check with your employer and service provider. Roaming is not available outside your carrier network coverage area. Contact your service provider for more details. Check apple.com/ca/watch/cellular for participating wireless carriers and eligibility.
5. Apple Watch All-Day Battery Life testing was conducted by Apple in August 2019 using preproduction Apple Watch Series 5 (GPS) and Apple Watch Series 5 (GPS + Cellular), each paired with an iPhone; all devices were tested with prerelease software. Battery life varies by use, cellular coverage, configuration and many other factors; actual results will vary. See apple.com/ca/batteries and apple.com/ca/watch/battery.html for more information.
6. Apple Watch All-Day Battery Life testing was conducted by Apple in August 2018 using shipping Apple Watch Series 3 (GPS) and Apple Watch Series 3 (GPS + Cellular), each paired with an iPhone; all devices were tested with prerelease software. Battery life varies by use, cellular coverage, configuration and many other factors; actual results will vary. See apple.com/ca/batteries and apple.com/ca/watch/battery.html for more information.

Apple Watch Series 5 and Apple Watch Series 3 require iPhone 6s or later with iOS 13 or later.

Features are subject to change. Some features, applications and services may not be available in all regions or all languages. See apple.com/ca/watchos/feature-availability for complete list.
