8043874

PLEASE NOTE: Before using your new headset, you must fully charge it and set it up by pairing it with your Bluetooth® device.

- A - Volume control button
- B - Micro USB charging port
- C - Multi-function button (MFB) and LED indicator

CHARGE YOUR HEADSET

Connect the micro USB cable to the charging port on the headset and connect the USB cable to a charger or empty USB port on your computer or laptop. While charging the headset, the LED light will show solid red and when the headset is fully charged, the red LED light will turn OFF. When the battery is low, you will hear the voice prompt "Low battery please charge". Charge the headset.

PAIRING THE HEADSET WITH YOUR DEVICE

1. To power ON the headset, long press the "MFB" button for 5 seconds, the voice prompt will say "Power on", the LED indicator will flash alternately red and blue, the voice prompt will say "Pairing". The headset will go into pairing mode.

2. Activate Bluetooth® on your phone. Search nearby Bluetooth® devices, and select "NX Headset8043874". If a pin code is needed when pairing, please type in "0000".
3. The voice prompt will say "Pairing successful, connected", the blue LED indicator will flash every 3 seconds. If you remove the headset from your paired Bluetooth® list, the voice prompt will say "Disconnected".
4. If you want to use your headset with two mobile devices, pair second device as above. Remember to reconnect the first device after the second pairing has been completed.
5. To pair later: The headset will automatically pair with your Bluetooth® device as long as your Bluetooth® on your phone is ON. Long press the "MFB" button till the LED indicator flashes alternately red and blue, the headset will connect automatically.
