4. NFC connection location
5. Power ON/OFF
6. Bluetooth® pairing
7. SOUND MODE
8. Volume -
9. Volume +
10. Speakers
11. Aux-IN jack
12. Micro USB jack

PRODUCT OVERVIEW
You can use this item with iPad®, iPhone®, iPod® devices and many types of smartphones to stream music. In order to get the best results when using this device, please read this manual first before using. To prevent the danger of fire and electric shock, please keep away from water.

PAIRING
1. Make sure your Bluetooth® audio source is held within 10 metres of your speaker.
2. Long press the "Power ON/OFF" button to turn the speaker ON. The blue LED will blink, this means the speaker is searching for paired Bluetooth® devices.
3. Enable your Bluetooth® device, and make sure it is in searching mode.
4. Select "HR Icon" from the list of discovered Bluetooth® devices on your mobile phone. Once paired, the blue LED will stop blinking.
5. You can now listen to your music. If there is a phone call, the music will stop until you hang up the phone.
6. Adjust the volume by pressing the "Volume -" and "Volume +" buttons.
7. To turn the speaker OFF, press the "Power ON/OFF" button.

Tip: The next time you switch the speaker ON, it will connect automatically as long as your Bluetooth® function is switched ON on your audio device.
When you disconnect the speaker while paired, the blue LED will blink and the speaker has entered into pairing mode.

SOUND MODE
You can select different sound modes by pressing the "Sound Mode" button.

MODE	LED
Normal	OFF
Mega bass	Orange
3D Surround	Green

PAIRING BY ONE-TOUCH CONNECTION WITH NFC
1. Enable the NFC function on your device.
2. Use your NFC-enabled device and touch the logo on the speaker.
3. Confirm the NFC connection on your device, this will vary depending on your device. Check your device manual for compatibility.
4. After the device is paired, the blue LED will stop blinking.

CHARGING

This speaker has a built-in rechargeable Li-Ion battery. Fully charge the speaker before first use. Charge the speaker as follows:
1. Connect one end of the included USB charging cable to the micro USB jack on the speaker, then plug the other end of the USB cable into a suitable port on your computer or 5V/1A power adapter (sold separately).
2. The orange LED will turn ON. When the battery is full, the orange LED will turn OFF.
3. It will take approximately 4 hours to fully charge the speaker by PC USB port.

Tip: When battery is low the speaker will enter into power save mode.

STATE		ON	OFF
	Normal	Green	
	Low battery mode	Blinking green	
Charging	Normal	Orange	Orange
Charging	Low battery mode	Blinking orange	Orange
Charge complete			LED turns OFF

LINE-IN
1. Use the supplied 3.5mm cable to connect the speaker directly with your device.
2. Press the "INPUT" button till the INPUT LED turns orange.

PC-IN
1. Use the supplied USB cable to connect the speaker directly with your PC.
2. Press the "INPUT" button till the INPUT LED turns to purple colour.

TO PLAY MUSIC FROM YOUR PC OR LAPTOP
After pairing the device to your PC or laptop, right-click on the speaker icon on the lower right hand corner of the task bar, select "Playback devices". Under the "Playback" tab, the paired device will show within the list. To connect, click on the device to set as the default device.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the authority to operate the equipment.

THE FCC WANTS YOU TO KNOW

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for additional suggestions

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation.

INDUSTRY CANADA NOTICE

This device complies with Industry Canada license-exempt RSSs.

Operation is subject to the following two conditions:

(1) this device may not cause interference, and

(2) this device must accept any interference, including interference that may cause undesired operation of the device.

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of Industry Canada.

IC: 255A-8044383

THE SOURCE – WARRANTY

The Source warrants that this product will be free from defects in materials and workmanship for a period of 12 months from the date of purchase. Within this period, simply take the product and your proof of purchase to any The Source store or participating dealer and the product will be replaced (where available) without charge. Any product which has been subject to misuse or accidental damage is excluded from this warranty.

This warranty is only applicable to a product purchased through The Source company-owned stores or participating dealers in Canada where the warranty is included with the product. While this warranty does not confer any legal rights other than those set out above, you may have additional statutory rights which will vary under the laws of the various countries, states, provinces and other governmental entities in which The Source operates. This warranty is subject to all statutory rights you may have in Canada.
