HOW TO CONNECT YOUR XG-946 TO YOUR DUALSHOCK® 4 CONTROLLER

1. Turn down the volume on the XG-946 to the lowest level.
2. Place the headset on your head and adjust the headband until the headset fits comfortably. Adjust the microphone to fit properly.
3. Insert the 3.5mm plug of the XG-946 into the bottom of the DUALSHOCK® 4 controller.
4. Slowly raise the volume to a comfortable level.
5. Refer to the user guide of your PS4™ on how to set up the headset to work with online play.

HOW TO CONNECT YOUR XG-946 TO YOUR PS VITA® OR NINTENDO® HANDHELD DEVICE

1. Turn down the volume on the XG-946 to the lowest level.
2. Place the headset on your head and adjust the headband until the headset fits comfortably. Adjust the microphone to fit properly.
3. Insert the 3.5mm plug of the XG-946 into your handheld device.
4. Slowly raise the volume to a comfortable level.
5. Refer to the user guide of your handheld on how to set up the headset to work with online play.

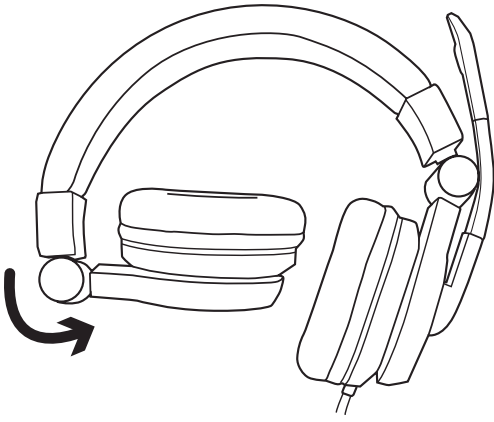

HOW TO CONNECT YOUR XG-946 TO A SMARTPHONE OR TABLET

1. Turn down your audio device to the lowest level.
2. Place the headset on your head and adjust the headband until the headset fits comfortably. Adjust the microphone to fit properly.
3. Insert the 3.5mm plug of the XG-946 into your smartphone or tablet.
4. Raise the audio to a comfortable volume on your device and then adjust the volume on the XG-946 using the volume dial.

NOTES:

- The volume dial only controls the volume of the headset. Console and device volume should be adjusted separately
- Make sure that the XG-946 is worn properly at all times. Do not place the headset around the back of your head; it must be worn over the top of your head. Make sure you allow the microphone to be positioned as close to your mouth as possible for best voice results
- When the microphone is switched to "OFF", other players cannot hear your conversation, but you will still be able to hear them speaking

FOLDING YOUR XG-946 GAMING HEADSET

IMPORTANT SAFETY PRECAUTIONS

- Do not listen at a high volume level. Extended high volume levels can lead to permanent hearing loss
- Start with setting the volume level at the lowest volume and adjust until you reach a comfortable volume level
- Do not use while sleeping, as accidents may occur
- If you experience any ringing in your ears, try lowering the volume. If the ringing persists, visit your physician
- Tampering with the product can result in damage to your product, void of warranty, and could cause injuries

CAN ICES-3(B)

THE SOURCE - WARRANTY

The Source warrants that this product will be free from defects in materials and workmanship for a period of twelve (12) months from the date of purchase. Within this period, simply take the product and your proof of purchase to any The Source store or participating dealer and the product will be replaced (where available) without charge. Any product which has been subject to misuse or accidental damage is excluded from this warranty.

This warranty is only applicable to a product purchased through The Source company-owned stores or participating dealers in Canada where the warranty is included with the product. While this warranty does not confer any legal rights other than those set out above, you may have additional statutory rights which will vary under the laws of the various countries, states, provinces and other governmental entities in which The Source operates. This warranty is subject to all statutory rights you may have in Canada.
