HOW TO CONNECT YOUR XG-947 TO A SMARTPHONE OR TABLET

1. Turn down your audio device to the lowest level.
2. Place the headset on your head and adjust the headband until the headset fits comfortably. Adjust the microphone to fit properly.
3. Insert the 3.5mm plug of the XG-947 into your smartphone or tablet.
4. Raise the audio to a comfortable volume on your device and then adjust the volume on the XG-947 using the volume dial.

NOTES:

- The volume dial only controls the volume of the headset. Console and device volume should be adjusted separately.
- Make sure that the XG-947 is worn properly at all times. Do not place the headset around the back of your head; it must be worn over the top of your head. Make sure you allow the microphone to be positioned as close to your mouth as possible for best voice results.
- When the microphone is switched to "OFF", other players cannot hear your conversation, but you will still be able to hear them speaking.

FOLDING YOUR XG-947 GAMING HEADSET

IMPORTANT SAFETY PRECAUTIONS

- Do not listen at a high volume level. Extended high volume levels can lead to permanent hearing loss.
- Start with setting the volume level at the lowest volume and adjust until you reach a comfortable volume level.
- Do not use while sleeping, as accidents may occur.
- If you experience any ringing in your ears, try lowering the volume. If the ringing persists, visit your physician.
- Tampering with the product can result in damage to your product, void of warranty, and could cause injuries.
