8060591

INSTALLATION AND REMOTE FUNCTION

- When the USB plug is connected, the GREEN LED light will light up, and you can start using the headset to talk.
Note: The green light will flicker when in use.
- Press the button "VOL-" to lower the voice volume.
- Press the button "VOL+" to increase voice volume.
- Press the button "MIC MUTE" to interrupt the mic's functions. When you press the button "MIC MUTE" once, the RED LED light will light up, and the mic function will be interrupted. When you press the button "MIC MUTE" again, the RED LED light will disappear, and the mic's function will be reactivated.
- Press the "SPEAKER MUTE" button to mute sound. Press again to resume.

WARNING:

- Please adjust headphones sound level to the proper volume, Don't listen at high volume for a long time.
- Handle with great care.
- Do not expose to high temperatures or sharp objects which may damage the structure and functions of the headset.

THE SOURCE - WARRANTY

The Source warrants that this product will be free from defects in materials and workmanship for a period of twelve (12) months from the date of purchase. Within this period, simply take the product and your proof of purchase to any The Source store or participating dealer and the product will be replaced (where available) without charge. Any product which has been subject to misuse or accidental damage is excluded from this warranty.

This warranty is only applicable to a product purchased through The Source company-owned stores or participating dealers in Canada where the warranty is included with the product. While this warranty does not confer any legal rights other than those set out above, you may have additional statutory rights which will vary under the laws of the various countries, states, provinces and other governmental entities in which The Source operates. This warranty is subject to all statutory rights you may have in Canada.
