### WHAT'S INCLUDED:

- Bluetooth® speaker
- USB to micro USB charging cable
- User Manual

### FEATURES:

1. Bluetooth® V4.1+EDR
2. NFC connectivity
3. Handsfree telephone calling
4. Operating distance up to 10m (33ft)
5. Operation time up to 9 hours (medium volume level)
6. 3.5mm line in
7. Slide & Rotary control
8. Fabric acoustic skin
9. Sound modes: Normal (outdoor), Megabass (indoor)
10. IPX4 Water resistant

### COMPONENT IDENTIFICATION

1. Power ON/OFF Play/Pause/ Handsfree
2. Microphone
3. Mode (OUTDOOR/INDOOR)
4. NFC connection location
5. USB charging jack
6. Line in jack
7. Slide previous song
8. Slide Next song
9. LED Indicator
10. Rotary Volume +/-
11. Touch panel

### PRODUCT OVERVIEW

You can use this item with iPad®, iPhone®, iPod® and many types of smartphones to stream music and enjoy handsfree calling. In order to get the best results when using this device, please read this manual first before using. This unit has IPX 4 rating: Protected against splashing water. **Do not submerge in water.**

### PAIRING

In order to pair your audio device to your Bluetooth® Speaker for the first time, follow the steps below:

1. Make sure your Bluetooth® audio source is held within 10 metres of your speaker.
2. Press and hold the "Power ON/OFF/Play/Pause/Handsfree" button for a few seconds to turn the speaker ON. The blue LED indicator will blink quickly. The speaker now has entered in to pairing mode.
3. Enable your Bluetooth® device and make sure it is in searching mode.
4. Select "HR Boost" from the list of discovered Bluetooth® devices on your audio source.
5. If asked for pairing code, please enter "0000" and confirm it.
6. After successful pairing, the speaker will make a prompt sound and the LED light will turn blue.
7. You can now listen to your music or make/receive telephone calls on the speaker.
8. When playing music short press the "Power ON/OFF/Play/Pause/ Handsfree" button to play or pause the music.
9. To increase or decrease the volume turn the volume dial clockwise to turn up the volume and counter clockwise to turn the volume down.
10. On the "Touch" panel switch to the next track by sliding from the left to the right. To switch to the previous track slide right to the left.
11. To turn the speaker OFF long press "Power ON/OFF/Play/Pause/ Handsfree" button.

**TIP:** The next time you switch the speaker ON it will connect automatically; as long as your Bluetooth® function is switched ON.

### PAIRING BY ONE-TOUCH CONNECTION WITH NFC

1. Enable the NFC function on your device.
2. Use your NFC-enabled device and touch the NFC logo on the speaker.
3. Confirm the NFC connection on your device. This will vary depending on your device; check your device manual for compatibility.

### CHARGING

The speaker has a built-in rechargeable Lithium battery. **Fully charge the speaker before first use.** Charge the battery as follows.

1. Connect one end of the included USB charging cable to the charging port on your speaker. Then plug the other end of the USB charging cable into a suitable port on your computer or 5V /1 A power adapter (sold separately).
2. The red LED light will turn ON. When the charge is complete the green LED light will turn ON.
3. It will take about 5 hours to fully charge the speaker by PC USB port.
4. When the battery is low, the speaker will make a prompt sound and the red LED light will flash. Charge the speaker.

### HANDSFREE SPEAKERPHONE

When a smartphone is connected to your speaker follow the steps below to take calls handsfree.

1. If there is an incoming call while streaming music, the speaker will beep.
2. Accept the call by short pressing the "Power ON/OFF/Play/Pause/Handsfree" button.
3. Press once again to end the call. Music will resume automatically.
4. To reject the incoming call, press the "Power ON/OFF/Play/Pause/Handsfree" button twice quickly.
5. To make a call, simply dial the number on your smartphone and talk to the speaker.

### LINE-IN

Use the supplied 3.5mm cable to connect the speaker directly to your device. The LED will turn solid green.

**TIP:** For Bluetooth® and LINE-IN, LINE-IN function will take priority. If Bluetooth® and LINE-IN are connected at the same time, the Bluetooth® will disconnect automatically. To use Bluetooth® unplug the LINE-IN cable.

### TO PLAY MUSIC FROM YOUR PC OR LAPTOP

After pairing the device to your PC or laptop, right-click on the speaker icon on the lower right hand corner of the task bar, select "Playback devices". Under the "Playback" tab, the paired device will show within the list. To connect to it, click on the speaker to set it as default. The audio will start to play from the paired device.

### UNDERSTANDING THE LED STATUS LIGHTS

- **When charging your speaker**
  - o Solid red LED=charging
  - o Green LED ON=charging complete
- **When pairing your speaker to a Bluetooth® device**
  - o Quick blinking blue LED=Power ON, ready to pair
  - o Solid blue LED=Bluetooth® connected
- **When connected via line-in**
  - o Solid green LED=Bluetooth® connected

### TECHNICAL SPECIFICATIONS

Battery Capacity :	3.7V, 4000mAh
Frequency Response:	180Hz-20KHz
Output Power:	12W x 2
Impedance:	4Ω

**NOTE:** This speaker is in compliance with the specified Bluetooth® version. It does not guarantee compatibility with all the functions on every Bluetooth® enabled device. Please check your device's user manual for compatibility and functionality.

## TROUBLESHOOTING

Problem	Solution
My mobile phone can't find any new Bluetooth® devices.	a) Make sure the Bluetooth® speaker has entered pairing mode b) Ensure the speaker is within the effective working range
Bluetooth® devices can't pair up	a) Make sure your mobile phone allows new connection and did not reach the maximum allowed connection number. Please refer to your mobile's user manual. b) Make sure you click the right Bluetooth® pairing name.
My mini speaker does not play music / answer call when it connected to a Bluetooth® mobile phone	a) Make sure your Bluetooth® mobile phone supports A2DP and HSF(hands-free) profile. b) Ensure your Bluetooth® cell phone is within effective working range.
Why can't I remotely control the pause, play, previous song and skip track functions with the speaker when playing music?	When you are using 3.5mm AUX audio in connection, you can't pause, change volume or skip tracks with the buttons on the speaker. This feature needs the Bluetooth® devices paired with the speaker to support AVRCP (Audio/Video Remote Control Profile). Please make sure your cell phone or other Bluetooth® device supports AVRCP.

**WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## THE FCC WANTS YOU TO KNOW

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

The device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

## Industry Canada Notice

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation of the device.

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of Industry Canada.

**IC: 255A-8042432**

## THE SOURCE - WARRANTY

The Source warrants that this product will be free from defects in materials and workmanship for a period of 12 months from the date of purchase. Within this period, simply take the product and your proof of purchase to any The Source store or participating dealer and the product will be replaced (where available) without charge. Any product which has been subject to misuse or accidental damage is excluded from this warranty.

This warranty is only applicable to a product purchased through The Source company-owned stores or participating dealers in Canada where the warranty is included with the product. While this warranty does not confer any legal rights other than those set out above, you may have additional statutory rights which will vary under the laws of the various countries, states, provinces and other governmental entities in which The Source operates. This warranty is subject to all statutory rights you may have in Canada.
