**PRODUCT OVERVIEW**

Thank you for purchasing the HeadRush HRC 5021 Headphones. In order to maximize your listening experience, please read the instructions below.

**FEATURES:**

- Bluetooth® 4.1+EDR
- 3.5mm music line-in function
- Supports connecting 2 audio devices
- The headphone battery power status is shown on iOS devices
- ANC (active noise cancelling) function

**OPERATING INSTRUCTIONS**

TO	DO THIS
Power ON	Press and hold MFB for three seconds.
Power OFF	Press and hold MFB for three seconds.
Adjust the volume	Press +/- button. When the max./min. volume is reached the headphones will make a "tick" sound.
Play/pause	Press MFB once to pause. Press again to resume.
Next track	Press and hold "+" button for 2 seconds.
Previous track	Press and hold "-" button for 2 seconds.
Answer a call	Press MFB.
End a call	Press MFB.
Reject a call	Press and hold MFB for 1 second.
Redial previous number	In Standby Status quickly press MFB twice.

**LED STATUS**

OPERATION	LED STATUS
Power ON	Blue LED flashes.
Power OFF	Red LED ON, then turns OFF.
Pairing	Red LED & Blue LED flash alternately.
Standby	Blue LED flashes 2 times in 10 seconds.
Incoming call	Blue and red LED flashes alternately once for three seconds.
Low battery	Red LED flashes.
Charging	Red LED is ON during the charge, and will turn OFF once charging is complete.

**BATTERY CAPACITY STATUS**

When the headphones are connected to an iPhone 6 or higher, the headphone battery status will appear in the upper right-hand corner of the iOS device screen.

**CHARGING**

Please charge your headphones fully before the first use. After use, when the battery is low, charge using the included USB cable. A full charge will take about 2 hours. During charging, the red LED light will show. When fully charged, the red LED will turn OFF.

**RESET MODE**

Connect the headphones to a computer via micro USB cable. When the red LED is ON, the headphone reset is complete.

**3.5MM AUX IN**

Connect the 3.5mm audio jack to your headphones and audio devices.

**ACTIVE NOISE CANCELLING (ANC) FUNCTION**

When there is excess noise in your surroundings, switch ANC to "ON". The LED will be green.

**PAIRING**

Pairing with one smartphone or other device:

- Make sure the headphones are OFF
- Press and hold the MFB button to enter into pairing mode
- The red LED and blue LED will flash alternately
- Locate the Bluetooth® settings in your device and search for the headphones
- From the list of found devices, select "HRC 5021" and select to connect to it
- Follow the instructions and enter "0000" as PIN if required

The headphones will automatically connect to your device when switched ON, provided your device Bluetooth® is ON and within range.

**PAIRING WITH DEVICES**

The headphones can support a multi-connection. It can pair with two smartphones simultaneously and can take a call from either one.

- After pairing is complete with the first phone, turn the headphones OFF. Then, repeat the pairing procedure with the second smartphone.
- From the list of found devices on the first smartphone, select the headphone "HRC 5021" to connect.
- Restart the headphones; they will automatically connect to the smartphone or device last connected.

Note: When two smartphones have different operating systems, (e.g. one has Android™ and the other is iOS®) some cross-system operations (Pause songs in Android™ play songs on iOS®) may experience delays. Please be aware that this is normal.

The headphones will automatically connect to the last paired device when switched ON, provided your Bluetooth® is ON and within range.

**USING YOUR HEADPHONES**

1. For the best sound and comfort, the right fit is very important. Please adjust your headband to make sure the headphones fit snugly and securely.
2. Place your headphones on corresponding ear side (R on right ear and L on left ear).
3. To ensure your headphones stay in place while doing physical activity, make sure the cord is placed in front of your head and body.

**TO PLAY MUSIC FROM YOUR PC OR LAPTOP**

After pairing the device to your PC or laptop, right-click on the speaker icon on the lower right hand corner of the task bar, select "Playback devices". Under the "Playback" tab, the paired device will show within the list. To connect to it, click on the speaker to set it as default. The audio will start to play from the paired device.

**WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**WARNING!**

- **DO NOT** insert plug into electric sockets
- Supervise children when using equipment, this product is not a toy
- Listening to headphones at high volume levels—particularly, over extended periods of time—may damage your hearing
- If you have a pacemaker or other electrical medical devices, you should consult your physician before using this product
- The operation of switching on your Hi-Fi system or plugging in the headphones may cause clicks which at high volume setting may affect your hearing. Therefore, always set the volume control to minimum before switching between different sources (tuner, turntable, CD player, etc.) or plugging in the headphones
- **DO NOT** use headphones while driving or cycling
- From regular listening position either forward or backward, maximum rotation angle of earcup is 90°

2) this device must accept any interference, including interference that may cause undesired operation of the device.

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of Industry Canada.

IC NUMBER: 255A-8044481A

**IMPORTANT SAFETY INFORMATION**

**CAUTIONS**

- Keep in a safe place free from dust, liquid and extreme temperatures
- **DO NOT** attempt to disassemble the product
- **DO NOT** use chemicals to clean the product

**THE FCC WANTS YOU TO KNOW**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for additional suggestions

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation.

FCC ID: U2XBPHF5A

**INDUSTRY CANADA NOTICE RSS247**

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and

 **THE SOURCE - WARRANTY**

The Source warrants that this product will be free from defects in materials and workmanship for a period of 12 months from the date of purchase. Within this period, simply take the product and your proof of purchase to any The Source store or participating dealer and the product will be replaced (where available) without charge. Any product which has been subject to misuse or accidental damage is excluded from this warranty. This warranty is only applicable to a product purchased through The Source company-owned stores or participating dealers in Canada where the warranty is included with the product. While this warranty does not confer any legal rights other than those set out above, you may have additional statutory rights which will vary under the laws of the various countries, states, provinces and other governmental entities in which The Source operates. This warranty is subject to all statutory rights you may have in Canada.
