- Micro USB charging cable
- Instruction manual

FEATURES

- Hydration reminder
- Humidifier
- LED light
- LED emergency SOS light

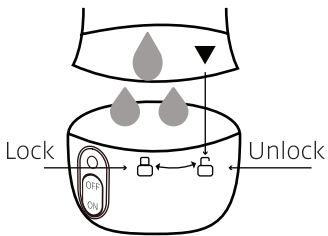

COMPONENT IDENTIFICATION

FEATURES

HUMIDIFIER

- Fill the humidifier water tank. Attach the base to the water bottle by lining the arrow up with the unlock icon as shown, push then rotate clockwise until it is lined up with the lock icon
- Slide the humidifier control switch down to turn the humidifier ON and up to turn it OFF
- The humidifier will automatically turn OFF after 30 minutes or when the humidifier water tank is empty.

HYDRATION REMINDER

- Press and hold the LED control button to turn hydration reminder ON, the bottle will beep twice slowly and the blue LED will flash twice slowly
- The blue LED will flash twice every 10 minutes to indicate that hydration reminder is turned ON
- Every hour the water bottle will beep 5 times and the blue LED will flash for 5 minutes as a reminder to drink water
- To turn hydration reminder OFF, press and hold the LED control button. The bottle will beep twice quickly and the LED will flash twice quickly

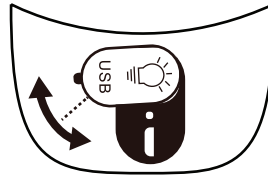

LED LIGHT

- Press the LED control button once to turn the LED light ON
- Press again to turn the red emergency LED ON
- Press one more time to turn the LED light OFF
- If the red LED flashes 5 times quickly, the battery is low and the bottle needs to be charge

CHARGING

Gently pull and turn the rubber cover to expose the micro USB charging port. Use the included charging cable to fully charge the water bottle before first use. It will take approximately 2-3 hours to fully charge.

- The red LED will be ON while the water bottle is charging
- The blue LED will illuminate once charging is complete
- Fully charge the battery at least every 6 months

CARE AND MAINTENANCE

Remove the base of the water bottle and wash the bottle using hot soapy water. Use only a soft, wet cloth to gently clean the base.
