

# VITAL Qi WIRELESS WALL CHARGER WITH QUICK CHARGE 3.0

8094513

## Instruction Manual

### INCLUDED

- 15W Qi wireless charger
- USB-C charging cable
- Quick Charge 3.0 wall charger
- Instruction manual

### INSTRUCTIONS

1. Plug your wireless charger into a wall outlet using the included USB-C cable. The red LED will turn ON when plugged into a power adapter.
2. Remove protective film on the wall charger before use.
3. The wireless charger is now ready for use.

### CHARGING

1. Place your smartphone on the wireless charger. (Ensure the device supports wireless charging).
2. When your device is being charged, the blue LED indicator will turn ON.
3. If the red or blue LED indicator flashes rapidly, adjust the positioning of your smartphone to ensure that it is placed properly and check that the cable is properly connected.

### IMPORTANT INFORMATION

1. Requires a power adapter with a minimum output of 7.5W.  
**NOTE:** An 18W power adapter is required for full 15W wireless output.
2. It is normal for the charger and your smartphone to warm up during use. Avoid using your device while it's charging.
3. If a foreign object is detected, the LED red and blue indicator will flash rapidly.

### SPECIFICATIONS

|                        |                                     |
|------------------------|-------------------------------------|
| Input:                 | 5V/2A; 9V/2A; 12V/1.5A              |

### INDUSTRY CANADA NOTICE RSS216

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### RF exposure statement

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body

IC: 255A-8094513

## THE SOURCE - WARRANTY

The Source warrants that this product will be free from defects in materials and workmanship for a period of twelve (12) months from the date of purchase. Within this period, simply take the product and your proof of purchase to any The Source store or participating dealer and the product will be replaced (where available) without charge. Any product which has been subject to misuse or accidental damage is excluded from this warranty.

This warranty is only applicable to a product purchased through The Source company-owned stores or participating dealers in Canada where the warranty is included with the product. While this warranty does not confer any legal rights other than those set out above, you may have additional statutory rights which will vary under the laws of the various countries, states, provinces and other governmental entities in which The Source operates. This warranty is subject to all statutory rights you may have in Canada.
